ARSON FOR REVENUE.

The Work of an Organized Gang of Anarchists in Chicago.

CONFESSION OF THE PRINCIPAL.

It Was Big Business to Cause Fires for the Purpose of Defrauding Insurance Companies, its Receiving a Hundred Dollars for Each Conflagration

CHICAGO, Aug. 16.-Carl Herlitz and his wife were held over to the grand jury in houds of \$5,000 and \$1,000 respectively by Justice Caldwell, of the Englewood police court, on charges of aroon. Herlitz pleaded guilty to the charge, but his wife denied hor guilty. The couple have been living at Washington Heights, and it was declared by the fire inspector in court that they are at the head of a gang of aparchists who have been guilty of committing an-archistic offenses, not only for sentiment, but for revenue to be derived therefrom. Inspector Conway stated that he held adisputable evidence to show that an organized gang of students of Herr Most's theories and methods had been operating in Chicago and vicinity. They had been carrying out their theories by burning down or blowing up houses in order to se-

cure the insurance.

After the proceedings in court Herlitz
made a full confession. He said he came
here from New Orleans five years ago and
met a man named Scharf, who introduced him into anarchistic doctrines. Later Scharf suggested that the most rational way to secure reprisals for capitalistic robbery was to get after the insurance companies. Bombs and other anarchistic paraphernalia were adapted to the nev nase, and operations were commenced. Such men as did the preliminary work, left the actual firing to Herlitz, and were to receive 5 per cent. of the money received

from the insurance. Herlitz said they derived a good revenue on the 5 per cent.
It is claimed that the compensation of Herlitz for each fire for which he is responsible was \$100.

Light Customs Receipts at New York.

NEW YORK, Aug. 16.-Contrary to expectation the receipts from import duties at the custom house yesterday were the smallest that have been known in a long ime. Even the rush to get whisky out of bond failed to continue, as had been expected in view of the heavy start of the day previous. The whisky receipts of Tuesday were \$155,673, but yesterday they netted hardly one-third of that sum. The principal withdrawals were dry goods.

Students Drowned in Saylor's Lake, BETHLEHEM, Pa., Aug. 16.—A special from Saylor's lake, where Instructor Mack, with a party of Nazareth hall students, are camping, says: While rowing in the lake the boat was capsized. Captain Mack was saved, but Cadets Townsend, of Nazareth and Webb, of the West Indies, were drowned. The lake is fully twenty miles in the mountains from here, with no direct telegraphic or telephonic communication.

Illiteracy in Our Land.

WASHINGTON, Aug. 16.—The statistics of illiteracy in the United States are given for the first time in the abstract of the eleventh census. It is shown that of a total population over 10 years of age of 47,413,559 there are 6,324,702 illiterates, or over 13 per cent. The percentage of illiterates in the white population is over 7% and of colored population almost 57, the latter being over 60 per cent. in the southern states.

A new order.

An order was recently posted at the Delano shops requesting all employes to report for duty at 70'clock, and if they falled to do so they were requested to resign. The order has created considerable dissatisfaction, especially among employ-ployes who reside to other towns, and a number are compelled to go to Delano on Sunday evening so as to comply with the order. It was expected, and as fondly hoped for, that the Lakeside Electric Railway would be extended to this place by next fall. The intentions of the company, I understand, are well enough, but owing to the pig-headedness of those who are continually putting sprags in the wheels of progress, it won't be built this fall—perhaps never. This is to be regretted, as it would be a great convenience to the patrons of the place.

It is rumored that Gus Roth will shortly take possession of the place again.
